WEDDING OF WIDESPREAD | WILLIAM CECIL HAMBRIGHT INTEREST IN CHARLOTTE

MISS MARY B. HEATH BRIDE OF ENSIGN BASSETT.

Bride Niece of Mrs. W. C. Johnson, of Chattanooga-Frequent Visitor Here.

The following wedding announcement has been received by friends and

relatives in the city:

Mr. and Mrs. B. D. Heath
announce the marriage of their
daughter
Mary Bennetta

Ensign Charles Chester Bassett, Jr United States Naval Flying Corps on Wednesday, October the Ninth nineteen hundred and eighteen

Charlotte, North Carolina
The bride is well-known in Chatta nooga, from having made frequent visits to her aunt, Mrs. W. C. Johnson, on Oak street.

on Oak street.

The wedding was brilliantly celebrated at the home of the bride's parents in Charlotte, N. C., and much space is given to the account of it in the Charlotte papers.

The bride graduated at the Castle-on-the-Hudson and later attended the

on-the-Hudson and later attended the Gardner's school on Fifth avenue, N. Y., taking a high stand at both schools. She is pretty, clever, vivacious, and an especially attractive young girl of the brunette type. When she made her debut she attracted attention in the north as well as the south. The Charlotte Observer refers to her as having been active in Red Cross and canteen work and an inspiration in many benefits. The wedding gown was of white bar-onet satin, made with court train. The wedding veil was fastened with a coronet of orange blossoms and a pearl necklace was worn.

Mr. Heath is a banker and prominent

Mr. Heath is a banker and prominent citizen of Charlotte and Mrs. Heath is one of North Carolina's most prominent women, holding an office in the national D. A. R.

The groom is the son of Charles C. Bassett, of Washington, D. C. He was one of the first volunteers in overseas naval aviation, from Harvard University. He will probably be assigned to important duties in the United States as a result of his fine record in France. His family is said to be one of the most prominent of the capital city. His mother is the daughter of Senator Rice, of Kentucky. of Kentucky

Ensign and Mrs. Bassett left for a wedding trip to Washington, New York, Boston, and will go to Florida.

A NEW SURE-**ENOUGH CURE FOR** RHEUMATISM

One of Our Downtown Drug-

druggists told our reporter that he has a heavy sale on the prescription C-2223 for the relief and cure of the worst forms of rheumatism. We advise every body who suffers from rheuma-tism to keep off the damp ground, keep the feet dry, drink lots of pure water and take a daily dose of Prescription C-2223 to keep down and expel the urio acid from the blood. Those terrible aches and pains, swollen muscles, aching back and every form of rheu-matism can be easily cured by following these few simple directions and taking the dose indicated on every bottle of C-2223. So many remarkable cures have been made by this wonderful prescription that any of our read-ers who suffer are urged and advised to ask any of our prescription drug stores for Prescription C-2223 and take it as directed on the prescription pasted on each bottle.

A physician's large bottle sent to any one, prepaid, for 75 cents, Address, C-2223 Laboratories, Dept. 31 Memphis, Tenn.-(Adv.)

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pim ples, rashes, blackheads, in most case: give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

LIEUT. WILCOX WRITES

From Artillery Training School at

Saumur, France.
Dr. J. P. McCallie is in receipt of an interesting letter from Lieut. C. Wilcox, formerly an instructor at Mc-Callie school, but now with the army in France. Lieut. Wilcox is attending the Saumur Artillery school, which, he says, is the second largest such school in the world. He writes that the methods used there are absolutely unique. After every hour of theory and instruction, he says, he follows an equal period out in the field for practice of those theories presented. The method, he says, is exceedingly effective, the men giving keenest attention to struction, because they know that the next hour they will be called upon to use that specific information. Notebooks and pencils are prized articles because they have so apparent a use,

Women Send Fruits To Base Hospital

A number of ladies have responded generously to the suggestion of con-tributing of convenient articles and delicacies, such as oranges and grape-juice, for the patients of the hospitals at Fort Oglethorpe. The women of the First Baptist church deserve especial mention for their liberal contributions; also Mrs. D. S. Etheridge, who so kindly loaned her automobils to carry the articles to the hospital.

CHRISTENING CEREMONY

Mr. and Mrs. Van L. Eastland's Child-ren Baptized at Wheelock Home. An impressive baptismal deremony was held Sunday afternoon at 4 o'clock at the home of Mr. and Mrs. W. E. Wheelock on Prospect Street. The two Wheelock on Prospect street. The two children of Mr. and Mrs. Van L. Eastland. Elizabeth Wilson and Sam L. Van Eastland, were baptized by Dr. E. E. Wiley, of Centenary Methodist church. Mrs. A. M. Wilson, of Rhea Springs, mother of Mrs. Van Eastland, and sister of Mrs. John R. Neal, mother of Mrs. Wheelock, was present at the christening. The ceremony was \$20,000,000. However, they went over

of influenza at the Newell infirmary in Chattanooga. Dr. and Mrs. Martin entertained at dinner Wednesday at the Hitching Post, complimenting a number of the doctors who have been attending the surgeons' convention which was in session the past week.

MRS. SAM PHILLIPS

Women of Tennessee Raise \$23,500,000 Worth of Liberty Bonds During Re-

Cent Campaign.
After carrying on a most successful liberty loan drive in the state of Tennessee among the women during the fourth liberty foan campaign, Mrs. Sam Phillips closes her offices in Chattanooga today. She and her secretary, Miss Lovenia Riley, who have been lo-cated at their headquarters in the Volunteer building, on the twelfth floor, since the opening of the campaign, will both leave Monday night for Memphis.

Mrs. Phillips says that the women of Tennessee, and especially of Chatperformed at the Wheelock home, because Mrs. Van Eastland was married at this home, and both her mother and aunt could be present.

lips stated that the women would raise \$20,000,000. However, they went over her mark and raised \$23,500,000 in the state. This report compares most favorably with the last report, when the women only raised \$20,000,000.

During their stay in Chattanooga, ward to their return visit during the next loan campaign.

WOMEN'S WAR WORK

(By Winona Wilcox.) When a woman takes over a man's job, she ought to try, for the credit of her sex, to do it as well as a man. It would seem that any woman who ever shopped in front of a counter would know how change is counted—first the amount of the sale, then the pennies, nickels, silver and bills—and that if "man work" work" that if "war work" placed her back of a counter, she would be able to follow

this detail without instruction.

But some of the girls recently enlisted in the army of substitutes for men clerks can hardly be classed as assets to business.

She handed the change in a wad to the customer, who at home, found the pajamas were not of the size asked

The girl clerk had made all of these ill at inexcusable mistakes, not because she was a fool but because the spirit with which she undertook her work was all wrong. An atom of conscienc would

on the other hand, the over-con scientious, over-zealous woman war-worker often makes a nuisance of her-self in business. She starts right out to reform the business, she confides the obvious to the manager, she out-lines plans which are as old as commerce, though just discovered by her-

Or she works like a horse on her man's job, and lets the whole office

spoils her own game. Worse yet, she disgusts employers with the work of women in general. Why, the girl with the complexion who retires to the dressing-room every thirty minutes to renew it, is liked better in most offices! It is not difficult for a woman to get into war work. Some women of fashion and wealth have places on half a dozen war boards—and are equally

waless on all of them.

Whether the war worker is a volunteer or dfafted, she achieves success only through a spirit of honest helpfulness. To take a man's job and create difficulties for oneself, one's

POSTPONE COURT

Influenza Epidemic at Nashville Delays Opening Federal Tribunal Here, The November term of federal court will in all probability, be continued for a considerable time and may not open until January. This was made necessary by the influenza situation in Nashville, which was such that the fall term of court there was continued until Oct. 28, several weeks later than usual. As it will last for several weeks, there being a rather heavy docket, the Chattanooga term, which should convene on the second Monday in November, must of necessity be continued.

Judge Sanford and Horace VanDeventer, clerk of the court, were in Chattanooga Sunday going over the prospect with the local clerk, but nothing definite was decided on.

EIGHT MEN ACCEPTED

Local Marine Recruiting Officer Lacks Six Men of Filling Quota. Only one recruit qualified for volun-

During their stay in Chattanooga, tary induction into the marine corps both Mrs. Phillips and Miss Riley have through the local mobilization station won many friends, who will look for- during the past week. During the month eight men have been accepted and six more are needed to complete the local station's quota of fourteen recruits for the month. Sergt. Schuler, head of the local marine station, had hoped to fill his quota but at the present rate it is very doubtful if four-teen men will qualify for induction. Out of a large number of applicants only a very small percentage are able to pass the new physical requirements The bulk of rejections are due to un-derweight and defective vision. Those who have qualified for volun-

tary induction so far this month are: Albert J. Hamill, Hixson; C. J Kounts, William R. C. Stewart, R. M. Hill and George C. Bradford of Chattanooga; Glenn W. Michael, Niota; Earl McDaniels, Ben R. Harris, Ringgold, Ga.

GOOD BOND SALESMAN

Over \$5,000 Subscribed Through Efforts of Sergt. Silk.

TOUCHING INCIDENT OF WORK AT HOSPITALS

APPRECIATION OF FAMILY OF SOLDIERS SHOWN.

Pastors and Volunteer Nurses Doing a Heroic Service at Fort Oglethorpe. Dr. I. D. Steele, paster of the Third

pastors of the city, has been assisting the chaplains at Fort Oglethorpe in the work of ministering to the sick in the hospitals for the past two weeks, tells of a touching incident. The other day Dr. Steele was called to the bedside of Fred Stephens, a sick soldier from Lake Geneva, Wis., who requested him to write a letter to his people telling of his illness. The letwanted to talk to him. It was a brother of Fred Stephens, who stated that he had received the doctor's letter and appreciated the interest he had shown in the young soldier and requested the doctor to go out early the next day and telegraph the soldier's condition. The brother stated that if necessary his sister would start at once for Chattanooga to nurse her sol-dier brother. Dr. Steele went out the following day and found the soldier better, so telegraphed this fact to his brother in Lake Geneva.

The same day the Lake Geneva letter was written Dr. Steele wrote an-other letter to the mother of Chris-topher Thompson at Key West, Fla., and he received a letter of heartfelt appreciation from the old mother of the soldier, with the request that the preacher continue his ministrations to

The pastors of Chattanooga, since the epidemic broke out at the camp,

used as decorative features.

Mrs. Cole is the youngest daughter volunteer nurses, has done its part in of Mr. and Mrs. Boddy. She is a the heroic work of alleviation of the graduate of G. P. S. and the University of Chattanooga. Lieut. Cole is many of the victims, and, though sity of Chattanooga. Lieut. Cole is many of the volunteers have conalso a graduate of the local university.

Lieut. and Mrs. Cole have gone to tracted the disease, others have heroically taken their places, and the work cally taken their places, and the work has gone on uninterruptedly, and it has been an appreciated relief to the burdens of the regular chaplains at the post and the nurses at the hospitals.

The volunteer corps of nurses includes many prominent young ladies and city and county schoolteachers.

MAY START MONDAY

Possibility That City Schools Will Be Able to Reopen Then. If the influenza situation grows steadily better during the remainder steadily better during the remainder of this week, there is a good possibility of the reopening of the city schools next Monday. This statement was made by Dr. Brown, the city health officer. The prospect as regards influenza looks considerably better than a few days ago, Sunday seeing the low-water mark for new cases, but it is by no means certain that the epidemic will have been subdued by next week. Dr. Brown stated that by Wedweek. Dr. Brown stated that by Wednesday probably, he can make an accurate forecast as to when the school

will open.

Moving picture and vaudeville play houses will open at the same time the city schools do.

CAPTAIN TOOK "LEFT-OVERS" Remarkable Work of Southern Officers

in France. Edward Marshall, the famous syr dicate writer, contributes to many of the newspapers a graphic story de-scribing how Capt. Clark Howell, a son of the editor of the Atlanta Con-stitution, and a cousin of the Howells of this city, has helped in the organi-zation of a division made up of the "left overs" from training camps. They are "left overs" from Camp Up-ton, Dodge, Meade and Dix, and most of the junior officers are southerners Besides Capt. Howell, his kinsman Capt. Evan Howell Foreman, is an officer. Many languages and dialects are spoken among these men. There is a company in which there is a New York gunman, one freight car robber, one who admits he was a "cadet" and one barroom tout from the Bowery. But Capt. Howell has whipped this material into shape and he says he wouldn't "trade his battalion for any in the whole army." They have already proved their worth in many sharp battles.

As Spanish influenza is an exaggerated form of Grip, LAXA-TIVE BROMO QUININE Tablets should be taken in larger doses then be taken in larger doses than is pre-scribed for ordinary Grip. A good plan is not to wait until you are sick, but PREVENT IT by taken LAXATIVE BRO-MO QUININE Tablets in time.—(Adv.)

AIRY BRICKEL IN FRANCE. Mr. and Mrs. G. R. Brickel, of 722 Cedar street, have received a letter

from their son, Private Airy Brickel, announcing his safe arrival overseas. Private Brickel was stationed at Camp Forrest with the 51st infantry for several months, later being transferred to the 116th supply train, company B, with headquarters at Camp Meade.

Another son, Ralph Brickel, is also somewhere in France. He is a motor mechanic in the aviation field. Private Brickel was a member of the company of men in the second draft, leaving Chattanooga to enter Camp Gordon, Atlanta, more than one year ago.

The Wonderful Call When Baby Comes

Like the Blast of Heavenly Trump When Call of Motherhood is Felt.

Of all the most vital times in a woman's life the coming of baby is fraught with the greatest meaning. Care should be exercised to insure that the crisis is passed in safety.

Apprehension is avoided by the timely use of Mother's Friend, a preparation of penetrating oils and medicinal ingredients, which renders the muscles, cords, tendons and ligaments pilable, and thus tension is avoided. The usual nervousness, nausea, bearing-down and stretching pains are counteracted and the period is one of calm repose.

pains are counteracted and the period is one of calm repose.

The broad, flat abdominal muscles relax with ease, and when baby comes the time at the crisis is less and pain and danger is avoided.

Thousands of women for half a century have used this penetrating external application, prepared especially for expectant mothers, and every woman awaiting the crisis should give nature a helping hand.

Write the Bradfield Regulator Company, Dept. F., Lamar Building, Atlanta, Georgia, for their Motherhood Book, of great value to all women, and obtain a bottle of Mother's Friend from the druggist and begin its application regularly night and morning.—(Adv.)

FREE OF INFLUENZA

NNot a Case of "Flu" Has Been Reported in Penal Institutions.

There is not one single case of influenza at either the Hamilton county jail or the workhouse, due to the care maintained by Sheriff Robert P. Bass and County Judge Sam A. Conner. Since the influenza epidemic the strictest restrictions that could be made have been placed around both the jail and the workhouse. No one is allowed to visit either institution and the prisoners are given the best of care and attention.

WEARS "WOUND CHEVRON"

ieut. Foster V. Brown Back Into Front Line Trenches "Over There." Lieut. Foster V. Brown, Jr., is back in the front line trenches, wearing a wound chevron as the result of an in-jury he received at the hands of some Hun. It will be remembered that it ter was dispatched, and several nights was reported some time ago that later Dr. Steele was called to the tele-phone and informed that Lake Geneva sacrifice, but later it was learned that he had only been wounded. The latest news from Lieut. Brown comes in a letter to Col. Creed F. Bates from his nephew, Lieut. Creed F. Bates, Jr., who writes that he has just seen Lieut. Chester, who stated that he was just back from the front, where he met Lieut. Brown. The letter stated that all three of the young men were in the best of health and spirits.

CUT DOWN SALARIES

County Road Commission Meets and Discusses Certain High Salaries. The Hamilton county road commis-sion held its first meeting Monday afternoon in the office of County Judge Sam A. Conner. The meeting was an important one, and only the road affairs of the county were discussed. Recommendations were made regard-ing certain salaries that are being unnecessarily paid some of the road em-ployes. These matters will be acted upon at the next meeting of the county court.

Why Not Get the Best? When you have a bad cold why not get the best remedy obtainable, one that has a world-wide reputation for its cures, viz., Chamberlain's Cough Remedy.—(Adv.) CALLS FOR GRAVEDIGGERS

Judge Conner Supplies Forest Hills Cemetery With Road Force. County Judge Sam A. Conner re-ceived word Sunday afternoon from Supt. Merriam, of Forest Hills ceme tery, asking that convict help be allowed him in assisting in digging a large number of graves at the cemetery. Judge Conner, however, sent him the help being used by the district road people of St. Elmo. Supt. Merriam stated that on account of the large number of graves to be dug he

unable to get necessary help.

Judge Conner promptly responded to

the demand by securing the services of the district road people of St. Elmo.

The secured forces spent the entire day at Forest Hills digging the large

Daily Health Talks

The Troubles Women Have. BY L. MAC LEAN, M. D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him run into many thousands gives believed. cases that come to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case here were certain vegetable growths which rarely failed to give prompt relief in those feminent disorders from which so many women suffer. He combined these roots and herbs into a temperance milcine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medition is precisely what it was. This medicine is sold in both liquid and table form by druggists everywhere. Favorite Prescription is a distinct remed, for women and acts directly upon the organs that characterize the sex. is not necessary to take a long cours of treatment with this standard medi-cine. A weakly, sickly, backachy headachy, nervous, despondent woman with regular or irregular pains—with feminine disorders that come in youth or middle age—is pretty sure to fine in Dr. Pierce's Favorite Prescription the exact remedy that her condition few doses are taken. Why women should allow themselves to stay sich when a very little money spent for this remedy will probably make them well, is something no one can explain. All women who suffer from feminin-disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo N. Y., for free confidential consultation

Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with

SPANISH INFLUENZA---A NEW NAME

Simply the Same Old Grip That Has Swept Over the World Time and Again — The Last Epidemic in the United States Was in 1889-90.

ORIGIN OF THE DISEASE. Spanish Influenza, which appeared in Spain in May, has swept over the world in numerous epidemics as far back as history runs. Hippocrates refers to an epidemic in 412 B. C., which is regarded by many to have been influenza. Every century has had its attacks. Begin-ning with 1831, this country has lad its gestion within. attacks. Beginning with 1831. country has had five epidemics, the last in 1889-90. THE SYMPTOMS.

Grip, or influenza as it is now called, usually begins with a chill, followed by aching, feverishness and sometimes nausea and dizziness, and a general feeling of weakness and depression The temperature is from 100 to 104, and the fever usually lasts from three to five days. The germs attack the mu-cous membrane, or lining of the air passages - nose, throat and bronchial tubes - there is usually a hard cough, especially bad at night, often times a sore throat or tonsilitis, and frequently all the appearances of a severe head

THE TREATMENT.

Go to bed at the first symptoms— take a purgative, eat plenty of nour-ishing food, remain perfectly quiet and don't worry. Nature herself is the only "cure" for influenza and will throw off the attack if only you conserve your strength. A little Quinine, Aspirin or Dover's Powder may be given by the physician's directions to allay the aching Always call a doctor since the physician's directions to allay the aching. Always call a doctor, since the chief danger of grip is in its weakening effect on the system, which allows complications to develop. These are chiefly pneumonia and bronchitis, sometimes inflammation of the middle ear, or heart affections. For these ear, or heart affections. For these reasons, it is very important that the patient remain in bed until his strength returns—stay in bed at least two days or more after the fever has left you, or if you are over 50 or not strong, stay in bed four days or more, according to the severity of the attack.

heat of the body liberates the ingre dients in the form of vapors. These vapors, inhaled with each breath, carry the medication directly to the part affected. At the same time, VapoRu is abosrbed through and stimulates the skin, attracting the blood to the sur face, and thus aids in relieving the con

There is no occasion for panic — in fluenza or grip has a very low percent age or fatalities—not over one deati-out of every four hundred cases, a-cording to the N. C. Board of Health. The chief danger lies in complication arising, attacking principally patients in a run-down condition - those vho

HOW TO AVOID THE DISEASE. Evidence seems to prove that this is a germ disease, spread principally by human contact, chiefly through coughing, sneezing or spitting. So avoid persons having colds—which means a olding crowds—common drinking cups, roller t wels, etc. Keep up your bodily strength by plenty of exercise in the open air, and good food.

KEEP FREE FROM COLDS. Above all, avoid colds, as colds irri-tate the lining of the air passages and render them much better breeding

places for the germs.

Use Vick's VapoRub at the very first signs of a cold. For a head cold, melt a little VapoRub in a spoon and inhale the vapors, or better still, use VapoTui in a benzoin steam kettle. If this is ot available, use an ordinary tea ket-ile. Fill half-full of bolling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam

NOTE — Vick's VapoRub is the discovery of a North Carolina druggist, who found how to combine, in salve form, Menthol and Camphor with such torm, Menthol and Camphor with such volatile oils as Eucalyptus, Thyme, Cubebs, etc., so that when the salve is applied to the body heat, these ingredients are liberated in the form of vapors. VapoRub can be had in three sizes at all druggists. While comparatively new in certain parts of the North, it is the standard home remedy in the South and West for all forms of EXTERNAL APPLICATIONS.
In order to stimulate the lining of the air passages to throw off the grip germs, to aid in loosening the phlegt and keeping the air passages open, thus making the breathing easier, Vick's VapoRub will be found effective. Hot, wet towels should be applied over the throat, chest and back between the shoulder blades to open the pores. Then VapoRub should be rubbed in over the parts until the skin is red, spread on thickly and covered with two thicknesses of hot flannel cloths. Leave the clothing loose around the neck as the

CHANGE IN SCHEDULE EFFECTIVE OCTOBER 20, 1918 TO CINCINNATI

C. N. O. & T. P. Railroad trains will leave Chattanooga as follows:

Train No. 10 — 12:15 a.m. instead of 10:45 p.m.
